GENERAL AGENCY

—— OF THE ——

Manhattan Life Insurance Co.,

OF NEW YORK.

ASSETS, - - - $3,000,000.

THIS COMPANY commenced its operations in 1850, and has prosecuted a successful and reliable business since. Policies are granted to those in sound health, both on the Joint Stock and Mutual plans of insurance, thus affording to the public the advantages of either system, at their option, in one institution. The lowest rates of premium are charged that can be adopted, and furnish adequate security to the assured and perpetuity to the Company.

This Company has already paid over $1,000,000 for losses, and over $900,000 in dividends to policy holders.

Non-Forfeiting Life Policies.

Premiums may be paid singly, or in five or ten annual payments, at option of the assured. This plan is commended to the public, as it gives to the assured the full value of all the money PAID, and being completed in early life, whilst the parties are vigorous and hopeful, gives entire exemption from payments or anxieties in advanced life. Its value cannot be too highly estimated.

Endowment Non-Forfeiting Policies.

These are made payable at death or on attaining a given age. Premiums payable in ten annual payments. The policy becomes non-forfeitable for one-tenth of amount insured for each payment. Parties insuring on this plan have all the advantages of a savings bank, as the payment of premiums secures its equivalent value, payable on the assurer attaining the given age, or at death should it occur sooner. Whole life, short term, endowment and annuity policies issued in all their various and approved forms. Printed documents containing full information furnished without charge and sent free by mail. Good local agents wanted in every town, and energetic and reliable men employed on favorable terms to travel for this Company.
